RELEASE

It is with an extremely heavy heart that the Human Rights and Liberties Commission of the Cameroon Bar Association is coming out publicly to address the unfortunate incident that recently occurred in Ngarbuh-Ntubaw village of Donga-Mantung Division of the North West Region of Cameroon on the 14th of February 2020.

The Bar President extends his heartfelt condolences to the bereaved families and prays for the peaceful repose of the souls of their loved ones.

The ruthless murder of infants and women stands out as a high point in the violence in the North-West Region. The very thought of this incident leaves one confused and lost in waves of shock sorrow and bitterness.

This Ngarbuh massacre confirms the prevalence of hostilities in an endless cycle of violence, thereby affirming support to calls for a ceasefire and the resort to meaningful Peace and brotherly coexistence.

However, the Bar Association as the watch dog of the justice machinery and the voice of the voiceless in society, condemns in very unambiguous terms, these monstrous atrocities and urges the government and all actors of justice in our nation to ensure that the perpetrators of these barbaric acts are traced and brought to book.

The Human Rights and Liberties Commission of the Cameroon Bar Association will ensure that the perpetrators of Ngarbuh massacre are traced, and prays the National Human rights commission to do same and to inquire into the above unparalleled acts.

Done at Yaoundé, this 18th February 2020
